

BE THE JOY THAT YOU ARE

My Beloved Children of Heart,

“Greetings at this time of great wonder! The days ahead are filled with joyful expectations of the greater visions of your heart.

As we come upon this time of year, it is a great opportunity to prepare to receive the many blessings of the season. These afford opportunities for a more joyful heart, fun times shared with friends and family, and the entertaining of hopes and dreams unfolding.

Perhaps as you ponder on your life experiences up to this point, you feel a bit of a pull toward a grander vision. It may be that you are starting to entertain new thoughts of dreams that have been buried deep within your heart.

Imagine them as seeds that are starting to wiggle so that you may take notice of them. Dreams you had forgotten about, new beginnings about to awaken. How can this be you might ask? It is as if they have been sleeping, waiting for something to awaken them.

You are the one calling for the awakening of your dreams. You knew this time would come one day. The time is now.

Oh the glory of these words as you heart hears them spoken. It is as if a big light just got switched on, shining on the pathways of remembering.

You are remembering what you tucked away until you and the world were ready. Celebrate this truth My Beloveds, for as you are elevating in your awareness, so are the many jewels in your heart beginning to awaken as well.

After all, you prepared your plan well before you stepped into this life. The great master self, knowing fully your heart's desired dreams, knew also that you would go about this in your ideal timing.

Sit for a moment and ponder on this great wonder. You can feel the truth as you heart speaks to you of this joyful time.

Accept the greater awareness without questioning it. It flows from your heart and just is.

Your heart has been guiding you all of your life back to the awareness of your true self. It is a journey of self-discovery, advancements and exploration.

The wonder of you blossoms with every thought fueled of greater lightness. It blossoms with every acceptance of your divinity.

You are who you are no matter what experiences you have had or will have. You expand upon that through your many choices which flavor your consciousness in the process of knowing the greater you, and your limitless loving nature.

Imagine you as the artist creating the masterpiece of your heart's dreams. There really are no words to communicate the fullness of this great wonder. It is known in the language of love, the language of the heart. Deep within yourself you know this language. You can feel it on many levels as it speaks to you in sweet whispers.

Consider greater ease and grace in your life now. What would that feel and look like? How would it be for you if the struggle no longer existed?
